Early Education

A bilingual education
opens the door to a world
of opportunities

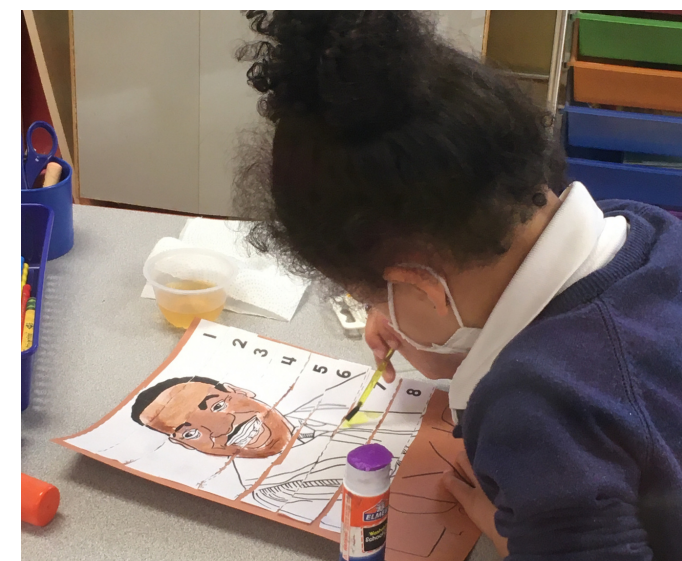

ABOUT US

Holy Family Bilingual Catholic School provides diverse families a faith-filled, dual-language education rooted in academic excellence, where students are productive global citizens.

Through our innovative, two-way immersion program, students graduating from Holy Family will be bilingual, biliterate, and academically prepared for high school and beyond. The program is supported by Boston College's 'Two Way Immersion Network.

Our **preschool** and **prekindergarten** programs focus on early biliteracy and math skills through play-based instruction. Our students not only begin school feeling loved, accepted and welcomed, but also develop the fundamental skills necessary to enter kindergarten with academic and social confidence.

Hear from our families

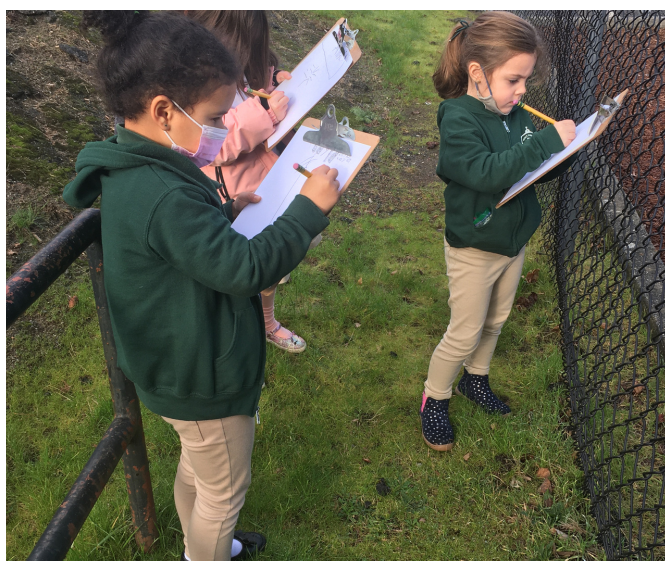

"We've been a part of Holy Family school for 14 years now. My kids have gone on to high school and now college well prepared. The staff works with families and includes everyone. Scholarships are available and they really work with families so that a great education is within everyone's reach".

-HFBCS parent

"Holy family Bilingual Catholic school is truly a school for all, my children have friends from all walks of life. It is important to our family for our kids to be encouraged to act with love, compassion, and justice. I thank the caring teachers for helping us make this happen.

-HFBCS parent.
